PARTHIBAN S

WEB DEVELOPER

ABOUT

A passionate and creative **Web Developer** with **year of experience** and expertise in HTML, CSS, JavaScript, and Bootstrap, along with a strong background in WordPress development. I specialize in creating mobile-responsive, user-friendly websites that focus on both functionality and design. Additionally, enabling me to craft visually appealing and intuitive user interfaces.

EXPERIENCE

Univedge Technologies - Coimbatore   Aug 2024- Present
Web developer

- I craft the overall look and feel of websites, focusing on color schemes, typography, and layout. I create visually appealing designs that enhance the user experience and reflect brand identity.
- Converted **PSD designs** to perfect **HTML and CSS**, ensuring cross-browser compatibility and responsiveness across different devices.
- I build custom **websites from scratch** to fulfill each **client's unique needs**, then maintain and update the site as per the client's requirements.
- I create **responsive**, accessible user interfaces that ensure smooth, intuitive experiences **across all devices**. My designs adapt to different screen sizes, prioritizing efficiency and **user friendly interactions**
